

# USA

## Special Advice for US-bound immigrants

- Please bring along with you if you already have an Interview Appointment letter from the US Embassy or a National Visa Centre letter (NVC) showing Visa application process details.
- For Visa 93 or Visa 92 applicants: please bring your interview letter or approval letter from the US Embassy.
- Please bring Three photographs in the same format as for the US visa (2"X2" with a white background)
- Please bring your vaccination record, if available as the US requirement includes vaccination.
- Children from 2 to below 15 years of age group need a blood test called IGRA for TB infection. It is done on three days in a week Monday; Wednesday and Friday. Results will be available within 48 hrs.
- US medical documentation will be completed for those who have normal results within a maximum period of 48 hours. The information of the collection date will be provided after the medical examination.

## Important Notice

Children under 16 years must be accompanied by a parent or a legal guardian, who can sign the consent form and take decisions on their behalf.
